Douglas Snelling & Rebecca Dowie

### MATERIALS

American Oak  
Leather  
Steel

### PRODUCT TYPE

Stool

### DIMENSIONS

H 910mm x W 450mm x D 400mm

---

### PRODUCT CARE

#### LEATHER

- Wipe dust and dirt with a clean dry microfibre cloth
- Clean spills with absorbent cloth immediately. If necessary, gently wipe spill using a clean cloth and lukewarm water. Clean entire surface and allow to air dry.
- Natural leather will tan and patina over time. Natural leather is left unfinished so will absorb spills and oils.
- Beeswax can be applied to restore moisture, protect against stains and even out discolouration. Apply every 3 months or as desired.
- Leather should be kept away from heat, try to maintain a 1 metre space between heat source and leather.

#### TIMBER

- Our timber furniture is sealed with a protective lacquer
- Removal of any dust or dirt with a soft cloth should be the only maintenance required
- Avoid use of any abrasive cleaning products, oils and other polishes

#### PRECAUTIONS

- Keep out of direct heat and sunlight
- Take caution placing hot objects on the surface
